

O-LIMP-X LADDERJACK RULES

1. Ladders are 40' apart. Ladies can have a 3' advantage.
2. Throw 1 set (3) for practice
3. Throw 3 sets (9) for score
4. To score ----- a set must *hang over* one of the horizontal bars
5. Should a set **LOOP** *around* a vertical leg, but also *hang over* a horizontal bar, the score of that horizontal bar counts
6. Should one of the sets hit the ground and bounce around a horizontal bar (it happens) it *will count*.
7. If a set should loop around the top horizontal bar and also around the middle horizontal bar, both will count 15 plus 25 points equals 40 points total. Likewise for the middle horizontal bar and bottom horizontal bar, both will count 25 points plus 10 points equals 35 points total.

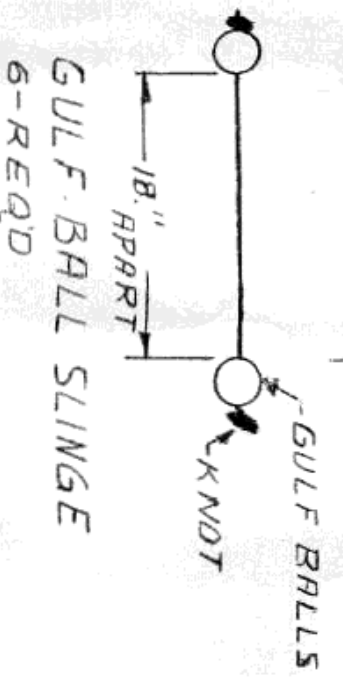

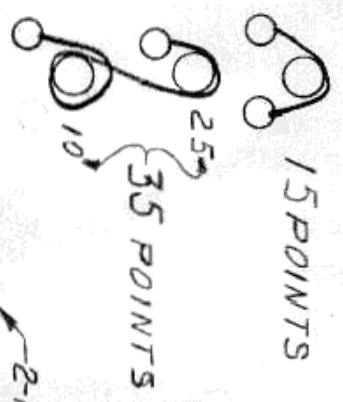

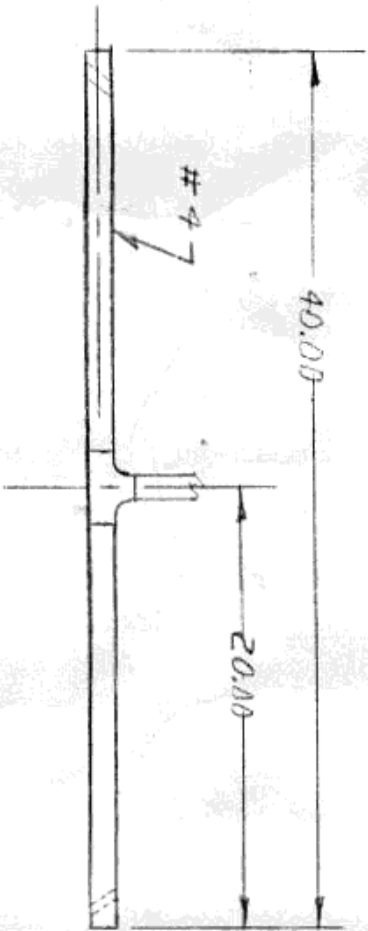

O-LIMP-X LADDERJACK RULES

LADDER JACK 2-REQ.
